

Equipment autoguidance

Fairbanks International welcomes Hope Lewis to the staff. Hope is our new Precision Farming Specialist and will concentrate on GPS and related technologies, such as AutoPilot tractor guidance, flow control, yield monitoring, desktop software solutions, mapping and data analysis.

Hope Lewis

Hope offers the following tip: to minimize downtime during critical times, practice or make sure you remember how to use your Autopilot, seed and fertilizer monitoring equipment and yield monitor before the season starts. If you have forgotten since last year or if you have further questions, don't hesitate to call us!
